

# Students Walking Home From *Mason Intermediate*

Parents/Guardians:

The administration at Mason Intermediate has become increasingly concerned with the number of students that walk home from school. At dismissal, buses and many parents in cars picking their children up from school create a congested situation. Because of this, we feel the need to organize the walkers before they leave the building.

If you want your child to walk home or to the Community Center, please sign below indicating that you have read this letter. We will gather the students in the cafeteria who have permission to walk and dismiss them together at approximately 3:10, or after buses and car traffic have dispersed. Please be advised that students are not supervised while walking home or to the Community Center. Any student who doesn't have permission to walk will be required to ride the bus home.

By signing below, you indicate that your child may walk home from school anytime this year. If you would rather your child not have walking privileges the entire year, but on an as needed basis, please send a note to the receptionist each time you would like them to walk. Thank you for your cooperation, understanding, and continued support.
